

THE HERITAGE JAZZ ORCHESTRA

The Heritage Jazz Orchestra is one of the premier jazz ensembles in Chicago. It was formed in 2016 at Andy's Jazz Club with the purpose of digging into music from the finest writers from the past half-Century.

Featuring many of the city's most creative and active musicians, the ensemble is led by trombonist and composer Luke Malewicz, and performs throughout Chicago. It is also active in recreating some of the most iconic big band albums including *The Atomic Mr. Basie* and *Basie Straight Ahead* (Count Basie Orchestra) as well as *Consummation* (Thad Jones/Mel Lewis Orchestra). The ensemble also sets itself apart by frequently featuring Dan Chase on organ instead of the standard Piano/Bass setup. Luke Malewicz, the leader of the HJO, a native of Nowa Sol, Poland, moved to Chicago at the age of 11. Since finishing his studies and returning to Chicago he has been a sought after performer and educator. Luke is the leader of two Chicago based ensembles, the Heritage Quartet and the Heritage Jazz Orchestra. The Heritage Quartet performs mainly adaptations of Polish folk music as well as original compositions inspired by European Jazz and was one of the groups performing at the 2016 Chicago Jazz Festival. The group also tours internationally and has performed to sold out venues in Warsaw and Krakow. The Heritage Jazz Orchestra is a full big band led by Luke that performs throughout Chicago featuring some of the best talent in the city.
