Crystals

Welcome to Oswego High School's 22nd Annual Holiday "Crystals" Concert. Henry David Thoreau stated in his Journal in 1841 that, "Music is the crystallization of sound." As a crystal is transparent and characteristically faceted, we hope that you will be able to clearly experience sound shapes taking form from all of the various vocal and instrumental presentations. Please relax and look through our "crystal" as you listen for the "Crystallization of Sound."

The concert setting is perhaps slightly different from those many have experienced. **Please hold your applause until after the Finale is complete;** a difficult task to achieve. A silent auditorium will aid the flow of the concert. It is easy to imagine snowflakes falling on a still night. We offer "soundflakes" in the quiet warmth of our performing arts center.

Crystals has become a tradition and shows sell out every year. Thank you for your support! Thanks also to all of the parents, students, faculty, and administrators who donate their time, patience, talent, and money so that concerts such as this can become a reality.

Warmest holiday wishes.....

Dear Patrons,

A writer once said, "Education is simply the soul of a society as it passes from one generation to another." The Oswego Foundation for Educational Excellence is enhancing that soul by providing support for programs and projects such as today's Crystals concert. It's among the many ways we are able to enrich the lives of the young people who attend District 308 schools.

By raising private donations, the Foundation can provide programs and services not otherwise available to our students. Our goal is to channel talents and funds into projects that foster student development, encourage creative teaching, enhance school-community partnerships, and promote science, technology, and the arts. Our projects include grade school reading, reading at home, problem-solving and literacy programs, creative writing programs, family literacy promotion, community service grants, arts enrichment programs, and memorial scholarship funds.

We are pleased to be able to make these contributions to support the young people in District 308 and we thank you for joining us today. May you have a joyous holiday season and a prosperous new year.

Congratulations Artists!!!

Autum Haberkorn-Mendez, singer in the Treble Choir, designed this year's Christmas ornament. She describes her favorite musical memory as starting choir this year as freshman, meeting so many new people and being exposed to so many new things.

Samantha Sendra is a junior euphonium player in the Wind Symphony, and designed this year's program cover. She describes her favorite musical memory as performing at the Western Illinois Music Festival as the only Freshman in the band.
